Contents

Chapter 1. The thesis/dissertation study

Definitions 13
Importance and purpose of T/D 14
Steps in systematic research 18
Choosing a topic 18
Assignment of supervisor 19
The research protocol 20
Preliminary research study 22
Working on the T/D 22
Writing the T/D 23
The thesis/dissertation defense 26
Writing a research paper 34
The new system for awarding PhDs in Kurdistan universities of Iraq 34

Chapter 2. Writing a research protocol

Introduction 39
Characteristic of a well-written protocol 40
Protocol format 40
The title 41
Title page 41
Research summary 42
Introduction 42
Methods 43
References 46
Research proposal 46

Chapter 3. Writing a thesis/dissertation

Chapter 4. Searching and accessing information resources

Journals 122
Indexes and abstracts 124
Books 125
Grey literature 126
Statistical sources. 127
The Cochrane library 128
Searching literature on the Internet 130
National library of medicine (NLM) medical literature databases 130
Additional U.S. department of health and human services web sites 134
Metasites 135
WebMD databases 136
Drug information 138
Free medical information on the Internet 139
Search Engines 141

Chapter 5. Writing an article

Guidelines on writing an article 143
Tips for writing good English/concise article 147
Publication process (processing of articles by journals) 150
Determinants of the fate of an article 154
Authorship 157
Uniform requirements for manuscripts submitted to biomedical journals. 159
Journal impact factor 169
Writing the article 173
Chapter 6. Critical appraisal of an article

Rationale and objectives of the study 178
Study sample 179
Study design 180
Data collection and data quality 180
Ethical concerns 182
Statistical methods 182
Presentation and interpretation of data 183
Conclusions 184
Abstract / References 184
Conflicts of interest 184

Chapter 7. Presenting an article in a conference

Preparing the abstract 185
Preparing the PowerPoint slides 186
Speaking 188
Answering questions 191

References 193
Appendices

Appendix I  Format of title page of research protocol.  206
Appendix II  Format of title page of T/D submitted for PhD, MSc, and higher diploma  207
Appendix III  Format of title page of T/D submitted for FIBMS.  208
Appendix IV  List of commonly used and approved abbreviations and acronyms.  209
Appendix V  List of abbreviations of some standard units of measurements and physical and chemical quantities.  224
Appendix VI  List of abbreviations of selected frequently cited journals  227
Appendix VII  List of selected journals published in the East Mediterranean Region in print and / or electronic format.  250
Appendix VIII  Definition of certain terms and abbreviations: URL, DOI, database, retrieval system, and homepage.  259
Appendix IX  Reporting guidelines and initiatives: Reporting of trials and observational studies  262
Appendix X  Impact factor of selected medical journals  265
